Aces for RITA

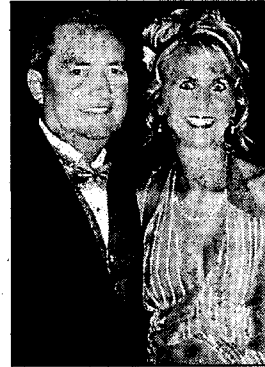

Supporters of Research Is the Answer have lobbed and volleyed their way through women's tennis tournaments to raise hundreds of thousands of dollars for breast cancer research. Members of those teams and friends of the cause gathered at San Jose Country Club to celebrate their accomplishments with a black-tie gala July 9.

I have only one question: "What are these women wearing on the tennis court?"

Nary a strap or sleeve mark was to be seen on those bared bronze and toned shoulders.

Above: Nancy and Chuck Jantz (from left), who spearheaded RITA, welcome **John and Carol Bishop** to the gala.

Left: The threat of rain did not deter Mike and Maggie Ward.

Left: Jack and Linda King (from left) and **Crystal and Lee Draper** were ready for an evening of fun.

Right: Pat Albanese (left), event chairperson, and **Bonnie King**, former chair, greeted guests.

Right: Sheila and Anand Kuruvilla — he's one of the "Frog (Florida Radiation and Oncology Group) docs" — talked about their next trip to India.

Left: Roger and Paula Gibson, a RITA board member (from left), and **Brenda and Bill Shirkey** posed for the camera.
